

Zaffran Restaurant's Website Documentation

1. Project Title:

Zaffran Restaurant Website

2. Introduction:

> Zaffran Restaurant Website is a web application developed on React to showcase the menu, services, and special offers of the Zaffran restaurant.

It allows users to explore the restaurant's menu, place orders, and enjoy delicious food. The website provides an excellent experience with visually impressive elements (U.I) and easy navigation (U.X).

3. Flow Control:

The flow of the Zaffran Restaurant Website is designed to provide a smooth user experience. Overview of the flow control:

>>Users land on the homepage and a carousel displays attractive images of signature dishes.

>>The nav bar at the top allows users to access different sections of the website, such as Home, Menu, How it Works, Special Menu, About Us, and Contact Us.

>>By clicking on the "How it Works" dropdown in the navigation bar, users can see icons representing the steps of ordering food, ordering at the restaurant, exploring the menu, and enjoying tasty snacks.

>>The "Special Menu" section shows the restaurant's special meals for the week with a photo gallery of special dishes.

>>Users can sign up or log in by clicking on the login & signup buttons in the navigation bar.

>>The footer contains links to different sections of the website and social media profiles.

4. Technicalities Used (Tools):

The Zaffran Restaurant Website is built using the React framework. The following tools and technologies are used in the project:

HTML: Hypertext Markup Language for defining the structure of the web pages.

CSS: Cascading Style Sheets for styling the components.

Bootstrap: A css framework for responsive design.

React: A JavaScript library for building user interfaces.

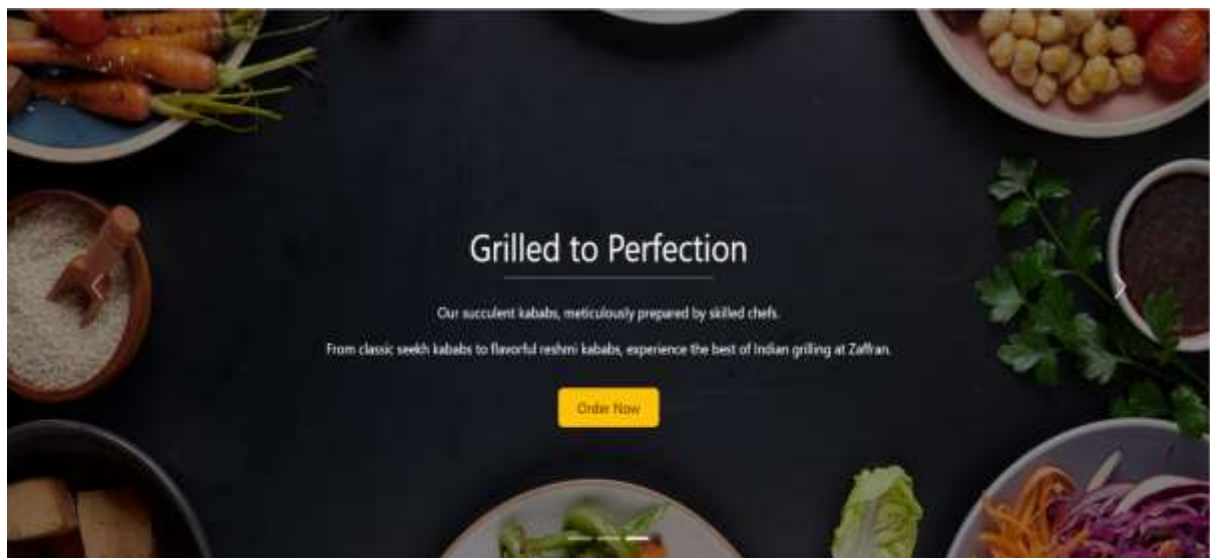

React Router: Used for routing and navigation within the application.

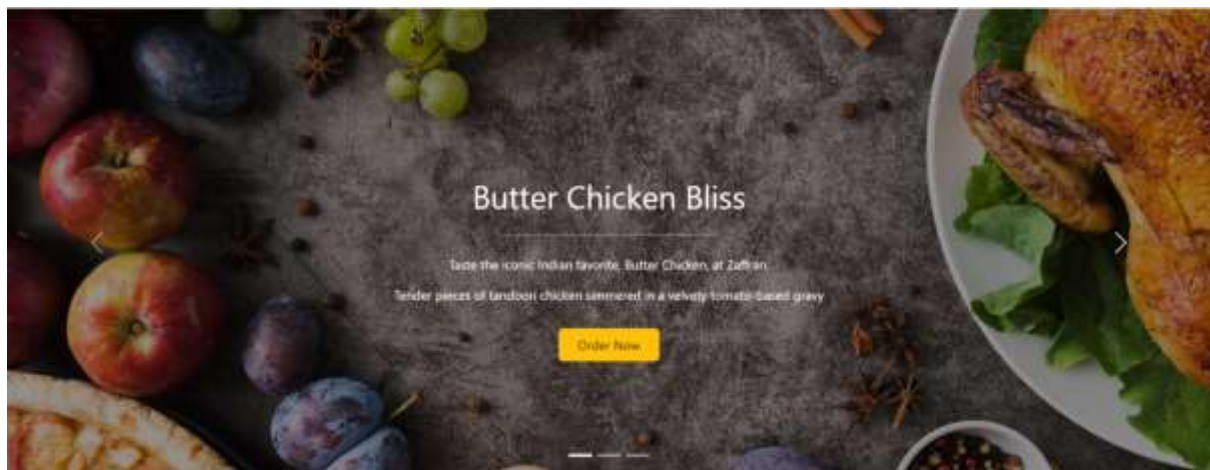

5. Sections of the Project with Screenshots:

1. Navbar:

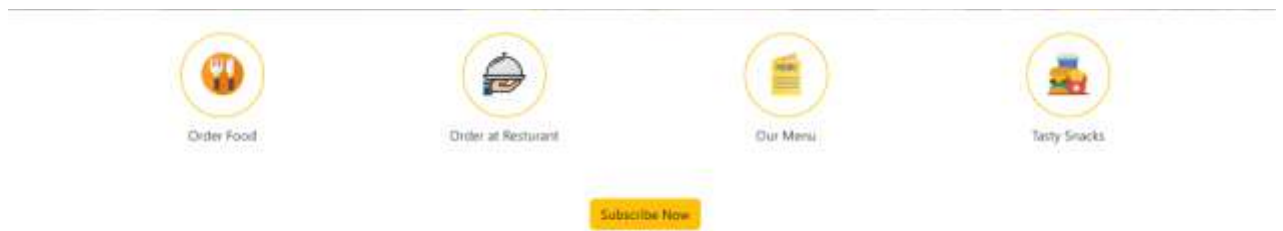

2. Carousel:

3.How it works section:

4. Menu section:

From Our **Menu:**

CHINESE PASTA

PANEER TIKKA

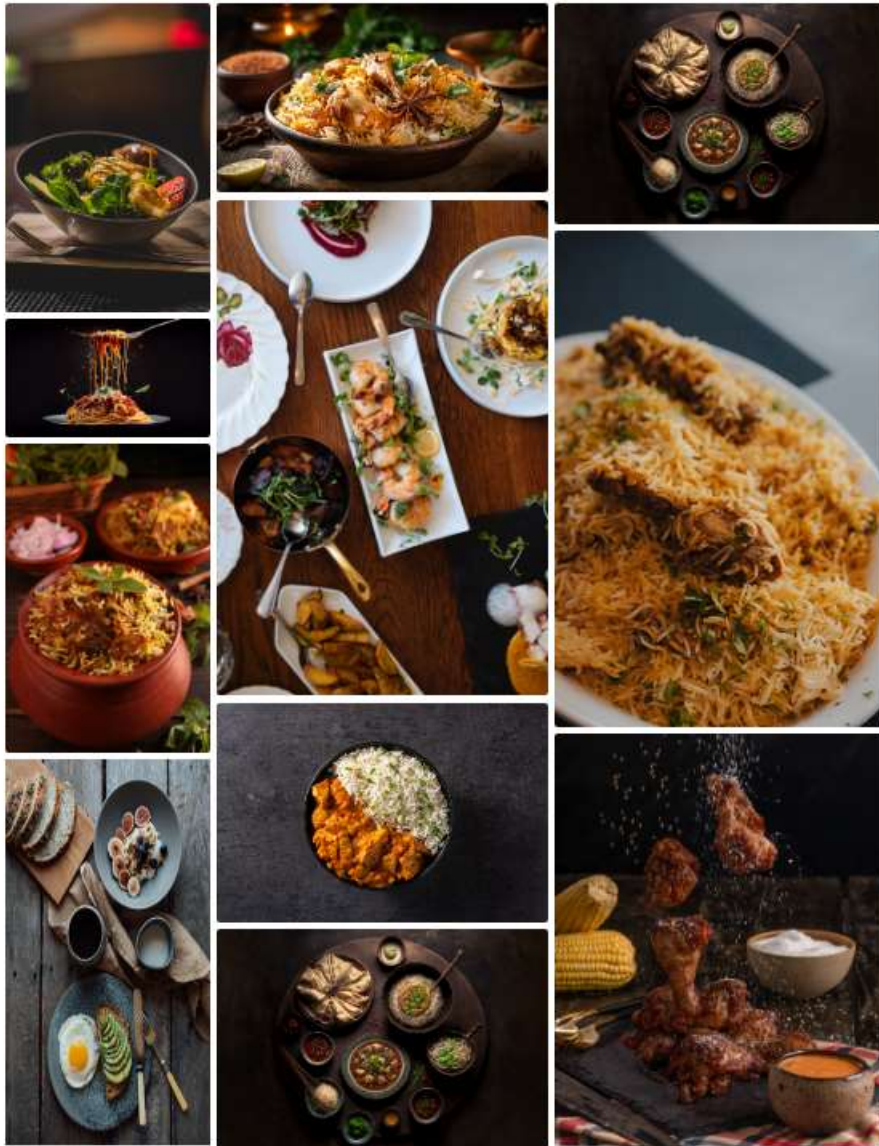

MUTTON BONE MARROW

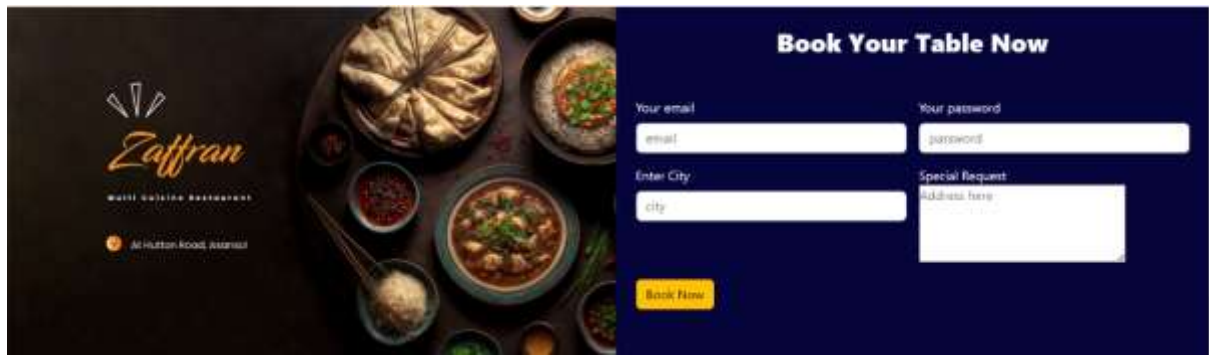

5. Special Menu:

This Week Special Meals:

Experience a diverse menu of vegetarian and non-vegetarian delights.
From flavorful veggie dishes to mouthwatering meat options, there's something for everyone. Join us for a culinary adventure today!

6. Signup Form:

The image shows a restaurant booking form for 'Zaffran' on a dark blue background. On the left, there is a logo with the name 'Zaffran' in a stylized orange font, with 'Multi Cuisine Restaurant' in smaller white text below it. Underneath the logo is a location pin icon and the address '81 Hutton Road, Jamaica'. To the right of the logo is a high-quality photograph of various Indian dishes, including a plate of dumplings, a bowl of curry, and a bowl of rice. On the right side of the form, the title 'Book Your Table Now' is displayed in white. Below the title, there are four input fields: 'Your email' (with a placeholder 'email'), 'Your password' (with a placeholder 'password'), 'Enter City:' (with a placeholder 'city'), and 'Special Request' (with a placeholder 'Address here'). A yellow 'Book Now' button is positioned below the 'Enter City:' field. The 'Special Request' field is a larger text area.
